Two Die As Result Of Car Accidents In Truckee Region

Fred G. Wall, 73, San Francisco, was killed and his son, Herbert Louis Wall, 42, was injured at 10 a.m. Monday when a car driven by the latter got out of control on Donner Grade and was demolished. Both were from San Francisco.

Patrolman Carroll Maynard, who made the investigation, said the east-bound vehicle swerved into a berm, careened across the highway, plowed up a 60 per cent incline and then rolled back onto the roadway.

The younger Wall, employed by the Zellerbach Paper Company in the bay city, was taken to Tahoe Forest Hospital and his father to the Truckee Colonial Mortuary.

The patrol believed that the driver may have fallen asleep at the wheel of the car.

Besides his son, Wall leaves a sister, Mrs. Edgar Brommer of Woodland.

The body is being taken to Oakland and funeral services were set for today.

INJURIES FATAL

Ronald Everett Johnson, 31, Sacramento, died here Tuesday morning as a result of injuries suffered Monday when the car he was driving got out of control and was wrecked 20 miles west of Truckee on Interstate 80.

The body was taken to the Truckee Colonial Mortuary.

Replacing Roth at the Truckee station will be Jay Clark, former local inspector, who has been working at the Dorris station on the Oregon border. Mr. and Mrs. Clark own their home at Boca and Mrs. Clark is presently residing there.

Friends will regret the departure of the Roths and will welcome the Clarks back.

The board approved the application of the Phillips Petroleum Company for construction of a service station on land leased from Mr. and Mrs. Daryl F Hutchins near Soda Springs.

Lincoln Here For Homecoming At School Saturday

by Chris Lehto

The Tahoe -Truckee Wolverines, plagued by injuries, lost their 1966 Pioneer League football season opener Friday night, 34-7 to the Colusa Redskins at Colusa.

Displaying good ball control and a sharp defense, the Wolverines were tied at the half 7-7. But a weary Wolverine squad couldn't sustain the pace of the first 24 minutes and Colusa took complete charge of the game on the opening kick-off of the second half.

The Wolveriles scored first, early in the second quarter, on a run around right end from two yards out by halfback Ron Smith. On a fourth down and goal-to-go situation, the speedy halfback turned the corner and just managed to get one foot in the end zone.

While the Truckee offensive moved the ball effectively in the first half, the defense held tough, being hurt on only one play when Colusa back Elzie Randleas broke away for a 31 yard touchdown with two minutes left in the first half.

The second half belonged exclusively to the Redskins as they scored twice in each of the last two quarters.

Ron Smith of Tahoe City was named "back of the week" for his outstanding play. And, Wayne Kusick was named "lineman of the week".

SUNBEAMS

By WALTER M. BARRETT

We often wonder if the people of their community recognize and appreciate the value of their hometown merchants. In the first place, there would be no community were it not for the merchants who have invested their money and by hard work, and foresightedness managed to continue their local enterprises. True, they make a profit. If they didn't they could not continue and the community would suffer. But these profits are not all profit, so to speak. The merchants are called upon to contribute personally and financially to community benefits, they serve on boards, committees and in civic groups, more often than not unrecognized for their efforts and even criticized heartily at times by those who fail to do anything to promote community progress. Your local merchants deserve your support and are appreciative of it.

Petition Accepted For Incorporation By County Board

The Nevada County Board of Supervisors Tuesday accepted the petition presented by Fred Hodder and County Assessor Charles R. Kitts calling for an incorporation election in the Truckee-Donner community.

The board took the petitions under advisement pending the next meeting at which time they are expected to set the date for the first public hearing.

John Couzens, of Auburn, attorney for the incorporation committee, headed by Hodder, will draw up a schedule for the guidance of the board and committee detailing the various dates up to and including the election.

While it may be possible to hold the election in May or June, Couzens advised that this would not be in the best interest of the new city, providing one is formed, and would not give sufficient time for presenting facts, selecting candidates for the city council and would result in a tight financial condition. He suggested that the best possible date and probably the earliest it can be conviently held would be August or September of next year.

In the meantime, the committee will start collecting facts on finances, costs and anticipated revenues, services required and other pertinent details which will be presented to the residents of the area for determining their vote.

Incorporation has been approved unanimously by the Local Agency Formation Commission and a report from an unbiased consultant indicated the area would benefit from both a financial as well as service standpoint with incorporation.

Hodder said no definite action will be taken pending a complete study and report from the investigating committee.

Time and Change

Ever notice the reaction from someone who comes back to visit our town after an absence of several years?

"Hey," they say, "look at all the changes that have taken place around here."

It starts you to thinking, doesn't it? You begin to help count progress, too. Things like new homes. New office buildings. New stores. "By golly," you agree, "we have made some changes these past few years."

You might also take note of the fact that progress has been made in the products and services offered by our local business community. Maybe you have even been one of those citizens who have the idea you can get better bargains by shopping somewhere out of town. Maybe this was true once upon a time. We don't think it is today. If you do, may we suggest you visit local stores, at your convenience, and check the quality and the prices of the goods offered.

We think you'll be glad you did.

LAKE ECHOES

BY BETHEL

The Elks Club of Reno was the setting for a Saturday night party hosted by Dominick and Thelma Stillian of Reno. Coming from Lake Tahoe to dinner which was in honor of Governor and Mrs. Grant Sawyer were Carlton Konarske, Fred and Alysmae Schultz, Richard and Virginia Neville, Lou Hardy and Bethel Van Tassel. Over 500 enjoyed cocktails, dinner and the beautiful parrot recorations.

Incidently, the Stillian home and grounds are on the must-see list at Christmas time. People for miles around enjoyed their outstanding display and many Tahoe residents look forward to the Stillian's ingenuity and originality.

A 25th Anniversary Salute

to the 500,000 star-spangled Americans who work for this country's security without pay

Now pay 4.15% when held to maturity

The U. S. Treasury Department sells about $4½ billion worth of Savings Bonds every year.

Yet no one ever tries to sell you Bonds on the phone.

Though you rarely see them, there are about ½ million patriotic Americans who will help you buy Bonds. Have been, since the first Series E Savings Bond was issued 25 years ago.

Your banker, for instance. He'll give you folders and facts, issue your Bonds, make certain they're properly registered, cash them when the time comes.

Your employer and thousands of other employers who have set up the Payroll Savings Plan are also on the team. So are the officials of your union who have endorsed Bonds.

There are many others. Like your neighbor, the advertising man, and the radio, TV, poster, magazine and newspaper people he works with.

All of these volunteers work for the Bond program without pay.

You can do your part, too. Buy U. S. Savings Bonds.

DONNER DOINGS

By Mrs. Carson "Vi" White

One of the happiest occasions for having a cocktail party occurred last Saturday evening. We were thrilled to have navy flier, Dieter Dengler and his lovely bride, Marina, here.

Dieter as you recall miraculously escaped from an enemy prison camp in Vietnam recently. His many recounts of terrior are breathtaking and unbelievable. We were all pleased to learn of his return to freedom after being shot down last January.

Their friends, Lelani and Ken Ross of Donner Lake were called late Friday evening to stand up with Dieter and Miss Adamich when they eloped to Reno to be married.

Here to wish them a future of happiness were, Al Gammell, Marilyn and Jack Marquette, Dr. Ed and Nancy Wilkins, Margaret Ann Marillac, Lelani and Ken Ross, Ken's mother, Mrs. Ross, and his grandparents, Mr. and Mrs. Nygren.

Margaret's husband, Joe, was unable to attend, but he and Dieter have much in common since both have escaped prison camps. They hope to get together while skiing this winter if not before.

The Dengler's have property at Donner Lake which he purchased before going overseas last year, through Carson at Swanson Realty.

Beach chairman, Jack Logan was very pleased over the response of Donner Lake property owners who showed up for the clean-up last weekend.

Trees were cut and the logs used for parking boundaries, willows and small trees were yanked out by the roots to make more usable room within the fenced area.

During this clearing process however, the inevitable happened. President Des Wirth found his pick-up just couldn't get through a soft spot in the sand and bogged down. It took almost an hour of pushing or pulling with Logan's jeep to free it, but fortunately it was about quitting time Sunday anyway.

Jimmy Nuzzo Show at Nevada Lodge

CRYSTAL BAY — "Strictly Music," is the Jimmy Nuzzo diet for North Lake Tahoe's Nevada Lodge, as the 5-men-and-a-girl show entertains in the Topaz Room Lounge.

The Jimmy Nuzzo Show brings to Nevada Lodge the talents of musicians and vocalists who all have fronted combos of their own at one time, any Jimmy has molded the six into a hard-hitting, smoothly organized group.

Jimmy himself led his own band for a number of years, was a key member of the ABC-TV staff band, played in Ray Anthony's aggregation, driected music at Chicago's Chez Paree . . . and finally organized the present group which has proved one of the most popular show units on the Reno-Las Vegas-Tahoe circuit.

And the "strictly music" theme at Nevada Lodge is followed for a good reason. When a group offers the unusual musical talents and backgrounds of the Nuzzo team, music takes precedence over all. Comedy, slapstick, novelty numbers —Nuzzo leaves these to groups that need them to round out an act. The Jimmy Nuzzo Show is too loaded with musical talent to dilute it with other effects.

Darkly beautiful Annette Stevens provides the vivacious feminine spark for the Nuzzo Show, rendering exciting vocals to standards snch as "How High the Moon" and contemporary hits such as "Shadow of Your Smile."

Mondo Cavallero is featured male vocalist and tremendously versatile bassist; Eddie Repaci brings a big trumpet sound and vocal renditions, also; Mike Miles masters the drums and Gary Allen is the guitar virtuoso.

Sharing the spotlight with Jimmy Nuzzo Show, starting Tuesday night will be the popular Delasandro and Tonelli Trio, three accomplished musicians who provide a bill of musical fare calculated to please discriminating fans of jazz, swing, rock and latin music.

RED LINES TO WARN FREEWAY DRIVERS

SACRAMENTO — Brilliant red lines of light will soon be a warning to drivers who are headed the wrong way on some California freeways.

This latest device of the California Division of Highways will be found on any freeway constructed in the future and on existing ones where raised reflective markers are being installed as replacements for white painted lane striping.

State traffic engineers hope the red line will convey the right message to wrong way drivers and persuade them to stop their vehicles before they become involved in a head-on crash.
